

HUNTSHAM COURT

SAMPLE 3 DAY / 2 NIGHT EVENT

OVERVIEW

The advantage of a three day event is that you always get time to have a proper catch up, you never run out of time, and all your friends and family have a real chance to meet and have fun. You have the main event but you also get the excitement of everyone arriving and having a night before, the gossip afterwards and little moments in between unscheduled, relaxed and unexpected. Instead of having an event that's over in a flash where people who haven't met before don't get a chance to get beyond the first meeting, you have 3 days of a journey packed with anticipation, excitement, fun, the big day and plenty of time to relax in between.

The sample below is just for guidance and everyone does it their way but we hope it is a useful starting point:

OPTIONAL EXTRA DAY

Many people opt to have a 4 day / 3 night event (e.g. Thursday to Sunday or Friday to Monday). This works particularly well if the host wants to spend some extra time with a select few for a more intimate catch up and evening or some guests are travelling from a long way away and prefer to have an extra day.

It also works well if your event has a very formal element that requires a rehearsal, which can be done in the afternoon / evening before the first official day or the morning of the first day prior to other guests arriving.
